

SUBMITTING HOMEWORK

Follow these steps each time you submit your weekly homework.

A

IN FINDER (MAC) OR FILE EXPLORER (WINDOWS)

1. Navigate to the Homework-# folder containing your completed homework, then copy the folder to the clipboard.
2. Navigate to Documents/JSD/JS-SF-12-homework/*firstname-username* (example: Sasha-svodnik), then paste your Homework-# folder inside it.

B

IN YOUR TERMINAL PROGRAM

1. Navigate to Documents/JSD/JS-SF-12-homework
2. `git add .`
3. `git commit -m "submitting Homework #"`
4. `git push origin master`

C

IN YOUR BROWSER

1. Go to your fork of the JS-SF-12-homework repo on github.com
2. Click **New pull request**
3. Click **Create pull request**
4. Click **Create pull request** (again)
