SUBMITTING HOMEWORK

Follow these steps each time you submit your weekly homework.

A IN FINDER (MAC) OR FILE EXPLORER (WINDOWS)

1. Navigate to the `Homework-#` folder containing your completed homework, then copy the folder to the clipboard.

2. Navigate to `Documents/JSD/JS-SF-13-homework/`*firstname-username* (example: `Sasha-vodnik`), then paste your `Homework-#` folder inside it.

B IN YOUR TERMINAL PROGRAM

1. Navigate to `Documents/JSD/JS-SF-13-homework`

2. `git add .`

3. `git commit -m "submitting Homework #"`

4. `git push origin master`

C IN YOUR BROWSER

1. Go to your fork of the `JS-SF-13-homework` repo on github.com

2. Click **New pull request**

3. Click **Create pull request**

4. Click **Create pull request** (again)
